Dear Parents,

Welcome to school! The children are adjusting to the school routine and are making new friends. Parents will be updated on curriculum and school schedules via monthly newsletters and weekly “CDCA Snippets” emails.

Fall is coming soon and we will be observing the beautiful changes in God’s world this month. Our science and art activities will be centered around the fall season. Each week we will work on one letter – please bring in a picture that begins with the letter of the week. Your student should print his/her name on the back of the picture and put it in the homework bin in the classroom arrival area. We will work on letter sounds each week for the letter of the week. We will also work on sight words each week.

Buzzy Bee is helping us to learn Bible verses and chooses our leader each class day. We will be learning “The Golden Rule”. We are learning the Pledge of Allegiance during Living Word Friendship time – our group time.

We will continue to go outside daily as the weather permits. Please dress your child for outside play and **label all outer wear.**
Thank you!
