

**Field Trips / Community Resource Visits  
2022/2023 School Year**

Parents are required to sign a general permission form for their student to go on field trips and allow community resource visits (firefighter, police, nurse, dental hygienist, etc.) during the school year.

Transportation for each field trip will be provided by a rental bus.

\_\_\_\_\_ has my permission to leave  
Child's Name

Christian Day Child Academy for field trips or have community resource activities in the classroom as planned during the school year. **An additional permission form will be required for each field trip. This will inform parents prior to any field trip with the date, time, and needed information. It is possible with evolving COVID concerns that we will not be going on field trips again this school year. However, if it is possible to go on field trips, parents will be informed and must sign a form specific to that field trip for their student to attend.**
